### SUMMARY

Full Stack Developer with 3+ years of experience, possessing a strong foundation in modern technologies and a proven ability to build user-centric solutions. I specialize in developing impactful applications, solving complex problems, meeting deadlines, and delivering scalable projects.

### PROFESSIONAL EXPERIENCE

**German Etrade GmbH**, Dresden, Germany

Oct 2023 – Dec 2025

*Frontend Developer - Full Time*

- Developed user-friendly and responsive single-page applications (SPA) using **React, TypeScript, and NodeJS/Express**.
- Implemented appealing and intuitive user interfaces by applying UX/UI principles and mobile-first approaches with **SCSS/SASS**.
- Optimized and extended existing applications through performance tuning and scalability improvements.
- Ensured high code quality by applying clean code principles, conducting **code reviews**, and introducing **automated testing**.
- Streamlined the development process through modern build and deployment tools such as **Docker, Bitbucket, Git, and Jira**.
- Collaborated with designers and backend developers to optimize application architecture and ensure technical implementation of UI/UX concepts.
- Contributed to the implementation of new features and the continuous improvement of development processes through proactive teamwork and knowledge sharing.

**Investal GmbH**, Wuppertal, Germany

May 2022 – Oct 2023

*Web Developer - Part Time*

- Developed and maintained website features using **HTML, CSS, JavaScript, and PHP 8**.
- Implemented **responsive layouts** and ensured cross-browser and cross-device compatibility.
- Converted **Figma designs** into functional, reusable UI components integrated with backend logic.
- Optimized frontend and PHP code for **performance, accessibility, and maintainability**.
- Used **Git** for version control and collaborated on code reviews and deployments.
- Styled interfaces with **SCSS** and adhered to modern **frontend development standards**.

### EDUCATION

**Cologne University of Applied Sciences**, Cologne, Germany

Mar 2019 – Oct 2023

Master of Science in Media Informatics, Weaving the Web

**ISSAT Mateur**, Mateur, Tunisia

Sep 2013 – Jun 2016

Bachelor of Science in Informatic, Computer Systems and Software

### SKILLS
